## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1-21 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

As per the independent claims, the claim recitations pertaining to receiving style-of-rendition identification information indicative of a style of rendition to be added to the tone to be generated based on the tone generation instruction and reading out wave factor data from a style-of-rendition table based on the received style of-rendition identification information said wave factor data including at least vector identification is not explicitly taught by the prior art of record. Furthermore, it would not have been obvious to one of ordinary skill in the art of tone reproduction to modify the teachings of the prior art of record to obtain the recited claim limitations of the independent claims as noted above.

With respect to the prior art of record, Mohrbacher (5602356) teaches a music synthesizer – col. 5 lines 7-26), recording a rendition of a piece (col. 1 lines 30-45, col. 2 line 48 – col. 3 line 10) for future recall in reproducing a note (tones), or series of notes (tones) of the studio musicians version of the piece (col. 42 lines 32-65 + col. 1 lines 30-45); however, Mohrbacher (5602356) does not explicitly teach information identifying a rendition style. Goldmark (395466) teaches an ensemble track for identifying different styles located in storage (Goldmark (395466), col. 2 lines 49-58). However, the claimed type of identification

information (time position and vector information) is different than that of Goldmark (Goldmark is merely a storage of the piece, whereas applicant's claimed data is time and vector information used to change the actual tonal information).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
